Sunderland & Whitby to Hartlepool

NECRA Offshore Series – 21 September 2019

These are the last races of the summer series so come and join us, even if you're not racing. There are 2 races going on simultaneously from Whitby and Sunderland to arrive at Hartlepool late afternoon.

Thanks to the generosity of Hartlepool Marina we are providing an early evening meal for everybody followed by race prize giving and social at the THYC. There is also free mooring at the Marina for competitors.

Even if you're unable to race do come along and join in this final event and share your experiences of this year's sailing. The whole point of NECRA is to bring likeminded people together. COME AND JOIN IN!

Program of Events:
